

2025 **AUVSI ENGAGEMENT GUIDE & MEDIA KIT**

Your resource for market intelligence
and access to the uncrewed systems
and mobile robotic industry.

As the world's largest nonprofit organization dedicated to the advancement of uncrewed systems, autonomy, and robotics, AUVSI is committed to working with organizations to ensure that new innovations are implemented in safe and equitable ways — so that autonomy works for everyone.

WHY AUVSI?

Our community is driving a world where uncrewed and automated systems seamlessly integrate into society and business, improving lives and optimizing operations.

As an association, we represent the largest global community of professionals and end users working together to realize that vision. We actively track 20+ vertical markets and empower those buyers to explore the available technologies and services to discover the best solution for their specific use case. Our team works with you to ensure you are reaching the right people and getting the right insights to achieve your goals — with custom content, industry data, advertisements, sponsorships, and more.

MEMBERSHIP & ADVOCACY

AUVSI membership provides opportunities and resources to get connected, informed and involved. [Our members](#) comprise a unified voice advocating for uncrewed systems on a local, state, and federal level. We advance growth and innovation with input from leaders from every sector.

Advocacy Committees and Working Groups

Advocacy Membership is designed for organizations who are passionate about shaping the future of this dynamic industry. By joining us, you will become part of a powerful network that influences policy, drives innovation, and creates a safer, more efficient world. Our advocacy experts are committed to removing roadblocks to your work, establishing public support for autonomous technology, and promoting smart and safe policies. We collaborate to set federal legislative and regulatory priorities based on member feedback we receive through our special committees:

- [Air Advocacy Committee](#)
- [Ground Advocacy Committee](#)
- [Trusted Cyber Working Group](#)
- [Defense Advocacy Committee](#)
- [Maritime Advocacy Committee](#)
- [Strategic Communications Committee](#)

Members include:

Member Benefits

As an Advocacy member, you'll have the opportunity to become a key influencer in shaping policy within the uncrewed systems industry. Secure a seat at the table with top industry leaders and influencers, providing you with unique networking opportunities. Stay informed with curated clip compilations and timely policy updates, keeping you ahead in the industry. Enjoy the privilege of attending exclusive events, including a members-only Hill Day.

Contact your account manager to become an AUVSI Member and gain access to [member benefits](#) today.

Benefits include:

- ✓ **Committee Leadership:** Eligibility to appoint your team to any of AUVSI's Advocacy Committees and Working Groups
- ✓ **Advocacy Tools:** Access resources and tools that help you effectively advocate for your business interests.
- ✓ **Policy Updates:** Receive timely updates on legislative and regulatory developments that affect the uncrewed systems industry across all domains and verticals.
- ✓ **Networking Opportunities:** Connect with key decision-makers, industry leaders, and government officials at Advocacy exclusive events such as our annual Hill Day.
- ✓ **Educational Resources:** Take advantage of webinars, workshops, and publications that keep you informed on the latest regulatory trends and best practices.

WHY JOIN?

- **Shape the Future:** As an AUVSI Advocacy Member, your company will be at the forefront of shaping the future of uncrewed systems. Your voice will help drive innovation and ensure a favorable regulatory environment.
- **Stay Competitive:** Stay ahead in a competitive market with exclusive insights, strategic connections, and a platform to influence industry standards and regulations.
- **Collaborate and Lead:** Collaborate with peers, government officials, and industry leaders to address common challenges and lead the way in pioneering advancements.
- **Maximize Impact:** Amplify your impact through a unified voice that represents the interests of the unmanned systems community, ensuring that your company's needs are heard and addressed.

Reach out to our [Industry Engagement team](#) to learn more about how you can join AUVSI Advocacy Membership. Together, we can drive innovation, influence policy, and shape the future.

[Join Today](#)

MARKET INTELLIGENCE

AUVSI's research team offers a wide range of expertise and capabilities, giving members access to analysts to deep-dive systems and information. These services are available to give you best-in-class access to the most useful uncrewed and autonomous systems data and intelligence available to inform your decision-making processes.

Uncrewed Systems Insights

The AUVSI Research Team launched the Uncrewed Systems Insights, a journal publication to bring the industry an overview of the latest trends and developments across sectors. This triannual report is free for AUVSI members to [download](#).

Federal Defense Spending Report for Uncrewed Systems

In addition to tracking [Federal Business Opportunities](#), which has been designed as a single point of entry for vendors and companies seeking to find posted business opportunities from all departments and agencies in the United States government, the AUVSI Research team tracks federal defense spending to identify opportunities for government contracts as well as investment trends in the research, development, testing, evaluation, and procurement of uncrewed systems.

Our data reveals which programs are being funded, reviews historical allocations, and projects future funding trends, helping you identify new business opportunities and guide your R&D strategies.

Through AUVSI's interactive platform, you can easily sort and filter data by the defense department, agency, domain, or technology receiving support.

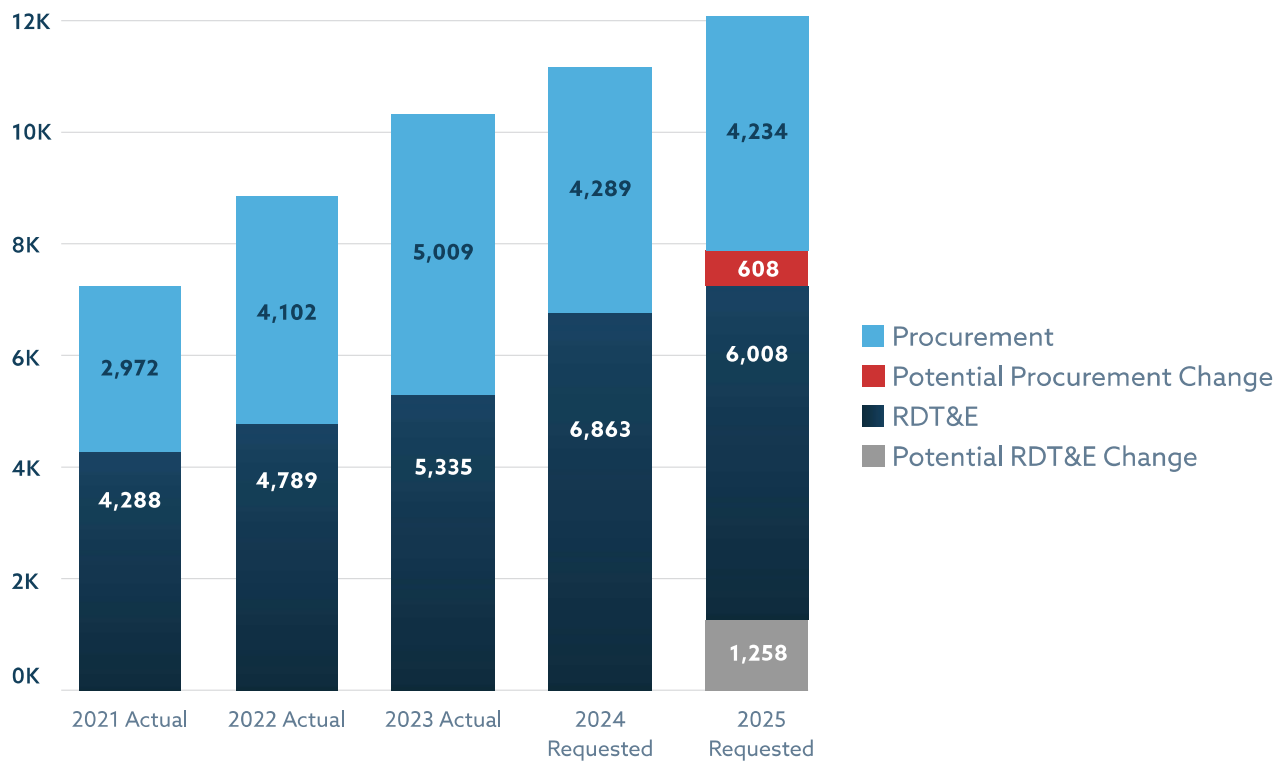

[Learn More](#)

***Need help with analysis?
Reach out to your account manager about our custom consulting services.***

Detailed analysis of the DOD’s budget for uncrewed systems has indicated a CAGR of about 14% in the last five years with funding totaling approximately \$7 billion in 2021 and increasing to an estimated \$12 billion in FY 2025. This growth has been driven by increased investments in key enabling technologies such as sensors, autonomy, and human-machine interfaces. In our most recent [publication](#), we also found that:

- Suggested Congressional changes to the original FY 2025 budget request represent a net increase of over \$2 billion for uncrewed vehicle programs.
- Increased investments in counter-UAS solutions support the urgent need for these technologies in international conflicts as allied forces face a rapidly evolving threat from adversarial uncrewed systems.
- The Navy’s budget for research, development, and acquisition of uncrewed vehicles exceeds all other organizations with significant efforts ramping up in the Army and Air Force.

Department of Defense Budget

Federal Defense for Uncrewed Systems	Organizational Members	Nonmembers
Interactive Workbook	\$1,650	\$2,750
Custom Consulting Services*	\$250 per hour	\$275 per hour

*Consulting hours are available in blocks of 10 hours

Uncrewed Systems & Robotics Database

Uncrewed Systems & Robotics Database (USRD) is the most comprehensive global database of uncrewed and autonomous technology. Explore more than 200 parameters on more than 8,800 vehicle models to conduct research, gather competitive intelligence, or complete due diligence.

Air

ACCESS TO THE USRD

Individual Subscription is ideal for internal research. Enterprise & University Licenses suggested for in-depth raw data manipulation and/or to integrate into products.

Annual Individual License — ideal for internal research

AUVSI Standard and Advocacy Level Members	Complimentary; unlimited licenses
AUVSI Associate Members	\$2,799; includes 10 user licenses
AUVSI Startup Members	\$2,799; includes 1 user license
Individual Subscription/Nonmember	\$2,799; includes 1 user license

Custom Licenses available by request for:

- Group Licenses for enterprise or academic users available
- Custom data analysis
- Access to raw data set

[Learn More](#)

AUVSI Trusted™ was created as an educational and preemptive measure.

- Raise cybersecurity awareness and knowledge and strengthen the security profile of our industry
- Ensure future UAS regulation is not thwarted (e.g., flights over people)
- Prevent draconian regulation
- Address challenge created by NDAA regulations

AUVSI Trusted is an enterprise certification program.

- Built on a suite of existing voluntary industry standards, regulations, and best practices
- Addresses risks specific to uncrewed and autonomous systems and components
- Crosses all operational domains — Air, Ground, Maritime

Pilot Training and Drone Operations

AUVSI Trusted Operator™ is a new initiative to certify the operations, technologies, and organizations essential to uncrewed and autonomous innovation. It includes certifications and benchmarks for organizations and individuals.

Become a Trusted Operator™ Training Provider

Trusted Operators represent the most skilled remote pilots in the industry. The Trusted Operator program depends on a nationwide network of Training Providers who assess new applicants, deliver training, and award certification. As a Training Provider, you'll position your organization as a resource for both talented pilots and high-growth employers—and unlock new revenue streams.

Contact trusted-operator@auvsi.org to learn more about the accreditation process.

Why Green UAS

In partnership with its members and other key industry stakeholders, AUVSI launched the Green UAS certification to provide streamlined vetting of commercial and non-defense drone technologies to support end-users confidence when procuring systems and to bolster the drone and component manufacturing base for secure drone systems.

Get Involved with Green UAS

Green UAS assesses and verifies that commercial drones meet the highest levels of cybersecurity and NDAA supply chain requirements through a security controls assessment and vulnerability and penetration testing. The Green UAS cleared list of drones will meet updated levels of security requirements as the DIU's Blue UAS 2.0 program.

[Request certification for your system](#) and see the [Green UAS In Process/Cleared List](#) including the following organizations:

*These companies (represented in full color) now have platforms that are Green UAS Certified.

**These companies (represented in full color) now have components that are Green UAS Certified.

SPONSORSHIP & ADVERTISING

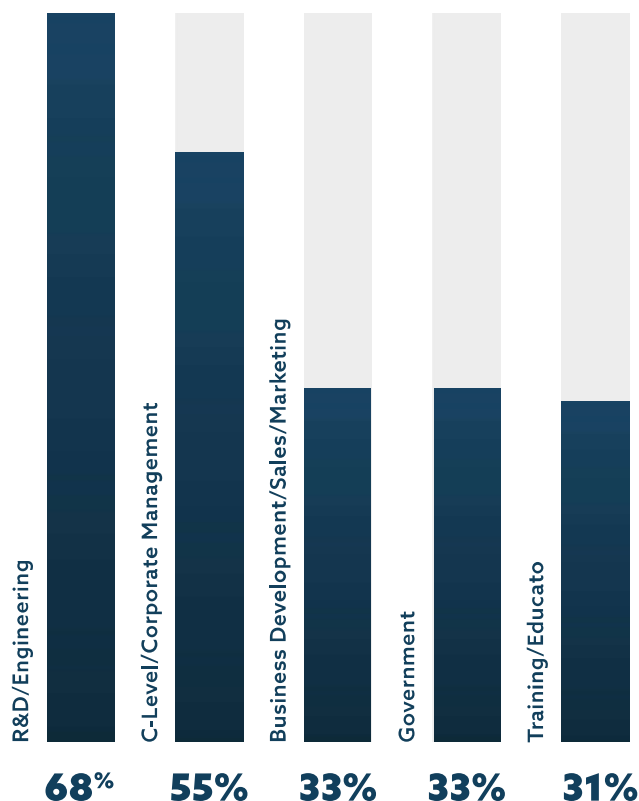

As a trusted resource for the uncrewed industry, AUVSI provides new ideas to advance the development and secure usage of innovative technologies. Partner with us to advance your influence and impact through our thought leadership, branding, and lead generation options.

AUVSI Webinar Sponsorship

The AUVSI community relies on us to identify thought leaders that will share the latest tech developments and industry trends. Sponsor a webinar and collaborate with AUVSI to identify a relevant topic, positioning you as the expert. All webinars will be hosted on Aville, our online learning platform.

Top 3 reasons to sponsor an AUVSI approved custom webinar:

- **Qualified Lead Generation:** Sponsors receive a comprehensive list of registrants, including detailed demographics and contact information.
- **Year-Round Visibility:** Your webinar will be hosted on AVILLE, AUVSI's online learning platform and library, ensuring continuous promotion and viewership throughout the year.
- **Seamless Collaboration and Promotion:** AUVSI manages all logistics and collaborates with you to effectively promote the webinar to our extensive community.

Sponsorship Benefits Include:

- ✓ **Influence Over Webinar Content:** Sponsors have input on the webinar topic, speakers, and format (must be approved by AUVSI Education).
- ✓ **Choice of Presentation Format:** Select from standalone, panel, fireside chat, or other formats that best suit your needs.
- ✓ **Lead Generation:** Receive a post-webinar registration list, complete with contact information for follow-up.
- ✓ **Brand Exposure:** Your logo and contact details will be featured on the webinar slides and recognized on all pre-webinar marketing materials and the website.

Sponsorship Benefits Include:

	AUVSI Organizational Member	Nonmember
Webinar Sponsorship - if contracted by December 31, 2024	\$5,000	\$6,000
Webinar Sponsorship - if contracted on or after January 1, 2025	\$6,000	\$7,000

EVENTS

AUVSI hosts the industry's most important events. We offer a combination of thought leadership, brand awareness, lead generation, and networking opportunities. A complete list of industry events can be viewed [here](#).

AUVSI Defense is a yearlong, multi-day event series designed for military officials, federal security personnel, and industry leaders working at the forefront of uncrewed technology. These events are where the defense community set the course for innovation and integration to support critical missions.

Expanding the reach of XPONENTIAL, XPONENTIAL Europe is the new leading European trade fair for autonomous technologies and robotics by Messe Düsseldorf. Immerse yourself in the future of uncrewed systems in air, ground, maritime and space from February 18 to 20, 2025.

XPONENTIAL is a yearly gathering of global leaders and end users across all sectors in the uncrewed systems and robotics industry. XPONENTIAL 2025 will take place in Houston, TX from **May 19 - 22, 2025**. Attend, sponsor, or exhibit at XPONENTIAL to reach the widest possible audience. [Explore opportunities](#).

Featuring a robust FAA presence and an agenda focused on real-world issues, this event will provide you with access to cutting-edge insights from industry leaders shaping the sector while connecting with like-minded individuals working towards safety and emerging technologies for our shared skies.

A series of 2-day in-person summits that will tackle pressing industry topics and equip attendees with actionable insights and strategies. Each summit will include expert panels and keynote presentations, workshops and case studies, and a variety of networking opportunities with industry peers and solution providers.

AUVSI continues to invest in tools and resources designed to simplify connections with government and industry professionals, researchers, academics, and students worldwide. Join the Aville resource hub, home to a thriving community of nearly 5,000 users, where engagement, networking, research, career development, and education come together. Aville serves as a catalyst for shaping the future of autonomy! It offers a comprehensive directory of industry products and services, **webinars, podcasts, and courses**, job postings, sponsorship and advertising opportunities, roundtable discussions, and directories for **Collegiate and AUVSI** Chapters , along with numerous collaboration opportunities.

Top 5 reasons to sponsor in Aville:

- **Get exposure to your audience:** AUVSI connects many stakeholders, such as government and academia, corporations, and other vertical markets and industry professionals. Sponsoring Aville will allow you to get exposure to a vast variety of your chosen audience.
- **Extend your reach:** Digital sponsorship on Aville allows the opportunity to connect with your audience 365. Have a bigger impact and reach a much broader audience all around the globe.
- **Thought Leadership:** Show your industry that you are leading the conversation on with native content delivered straight to your target audience.
- **Get results:** Through data! Sponsoring Aville means analytics. Know who is engaging with your brand and how, with robust reporting, machine learning is ensuring your content reaches the right person.
- **Get support:** Aville offers special attention to sponsors and exhibitors ensuring you feel welcome and get the most out of your experience.

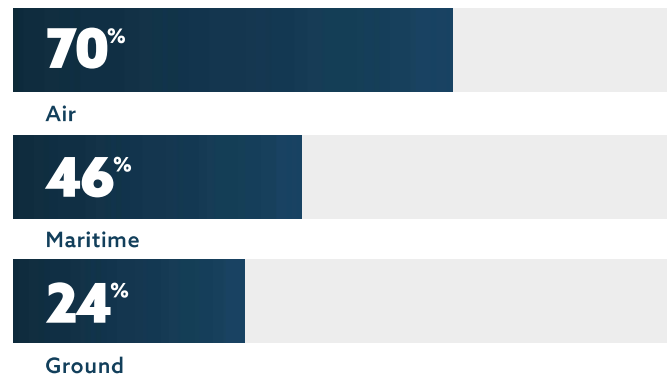

Top 3 Organization Types:

SITE RETARGETING

AUVSI has partnered with Showcare to provide an exclusive and powerful site retargeting solution, keeping your brand visible to industry professionals even after they leave AUVSI.org and Aville. This ensures you remain top-of-mind with key decision-makers as they navigate the web. Re-engage, expand your audience, and maximize your ROI with our targeted ad solutions. Whether you're reconnecting with previous visitors or reaching new prospects, our approach ensures your ads consistently hit the mark.

Why Choose AUVSI Site Retargeting?

Unlock the full potential of your campaigns with programmatic advertising. Reach the right people, in the right place, at the right time—effortlessly.

- Precision Targeting: Reconnect with visitors who have shown interest in your industry, keeping your brand relevant throughout their buying journey.
- Extensive Reach: Place your ads across thousands of websites, social media platforms, and apps for broad exposure.
- Optimize Your Ad Spend: Focus your budget on engaged visitors, delivering high-impact ads to decision-makers for improved ROI.

The best part? Showcare can take care of everything—from creative design to campaign reporting—ensuring your ads stay fresh, relevant, and effective. Our team continuously optimizes your campaigns for maximum impact, delivering superior results.

120,000 Impressions	\$3,550
Additional 50,000 Impressions	\$1,475
